

The Power of 2

The example below shows the power of duplication when each person sponsors just two people and keeps the processing going for 10 months. It also assumes that each Associate is purchasing two boxes of MaxGXL (138 CV) each month.

The amount in the far right column is only the Team Commissions and does not include any Fast Track Bonus, Matching Bonus, Preferred Customer Overrides or the 2% Bonus Pool.

Month	Level in the Genealogy Tree	New Associates added each month	Total Associates in your group	Left Leg Volume (CV)	Right Leg Volume (CV)	Monthly Commission 10% of your lesser leg
