
Our Services...

FDL Marine is a leader in marina management, service & operations. Our agency has over 35 combined years of experience in providing basic marina ancillary services to complete facility operations & management.

Our marine service division provides complete marine services. From tune-ups to overhauls, equipment installations to bottom painting, canvas refitting & repairs to vessel detailing, FDL Marine provides a quality of service that makes us a leader in the industry.

We believe in being fair, honest and reliable. We work diligently to earn our customers respect and strongly believe that without you, we would not be where we are today. It is with that philosophy in mind, that keeps us as one of the best in all we do.

FDL Marine actively participates in the Ohio Clean Marina program.
